Energy Expo Monday 21 November

Next Monday 21 November KIS is hosting an Energy Expo. Some of our students will be attending. There will be a variety of workshops and we are extremely lucky to have workshops which include an electric car and a hybrid car. One of the presenters lives entirely off the ‘grid’, which means he generates all of the power that he needs for his home.

Any interested parents/caregivers are welcome to come along from 1 p.m. until 2 p.m. on Monday to experience riding in an electric or hybrid car or take part in some of the workshop activities offered.
